VOL. I.

ALBERTA, FRIDAY, AUGUST 4, 1910.

NO. 19

LIVELY SESSION OF BOARD OF TRADE

A Bridge is asked for to span the Red Deer River—Want the Sale of Reservation Land held here.

The regular monthly meeting of the board of trade was held on Tuesday evening at which considerable business was transacted. There was a large attendance of members and H. C. Pegler at the secretary's desk.

Secretary Pegler reported that he had attended to the various matters entrusted to him by the board at the last meeting and that no business had been received. He then reported that the most important matters were the resignation of the telephone system to Bassano, and the provincial authorities stated that the system was being extended east from Strathmore and in the fall would reach Bassano.

A letter was read from W. V. Cawell, of Morrison, Grant county, Oregon, stating that he was desirous of locating in Alberta. He is a married man with wife and three children. At present he is working two and a quarter sections of land. He has a herd of about 50 head of cattle, 50 chickens, turkeys, has plenty of land, also lots of farming machinery. Mr. Cawell desires to take up a homestead and a pre-emption entry, and wants advice of the board as to the best place to settle. He has a number of irrigators who will come with him. The secretary was directed to give Mr. Cawell all the information that he possibly could.

A letter was read from the United Farmers of Alberta, with headquarters at Lethbridge, stating that a conference is to be held in Vancouver on August 7th and 10th to discuss matters of importance to the provinces of British Columbia and Alberta, and asking that the board who's delegate to the conference. Among the questions to be discussed at this conference are: The high freight rates between the two provinces, which are believed to be discriminating against the west. The establishment of a uniform system of municipal subsidies, under government inspection and control, where all dealers shall have the same advantages. A uniform system of licensing and bonding commercial merchants. The invitation to send a delegate was declined with regret, owing to the lack of funds.

On the motion of Mr. Strang the question of funds came up during which it was stated that owing to the resignation of the former secretary it was impossible to ascertain who were members and who had paid their membership fees. The secretary was instructed to ascertain who the members were and which of them had paid their fees and dues and who they had failed to do so to collect from them. It was also suggested that the many Bassano residents who are eligible, be requested to join the board. In the event that this fails to produce a sufficient revenue it was suggested that an assessment be levied.

convenience. He had taken it upon himself to promise the people of the Red Deer river section the conveniences of the residents of Bassano in the matter. It will be their own fault, perhaps, before they will have a railway. In the interim the residents of the section will trade here. Even at this a railway is considered a number will come here as the railway will be remote from their farms.

Mr. Pegler moved that petitions for the bridge be prepared by the board, and that they be delivered to the board and that afterwards similar petitions be distributed here for the purpose of being signed locally. Fred Hawkins seconded motion.

During the debate H. C. Johnson and F. Perry thought that the petitions should state where the bridge should be built, and the chairman stated that he would be at the present ferry place or at a point a mile or so west of the ferry.

The motion was then put and carried. Mr. Johnson moved and Fred Hawkins seconded a motion that the secretary write to the Dominion Ministry of the Interior as to what its intentions are in regard to the reservation of land.

Secretary Pegler brought up the question of having the sale of the 112,000 acres of the Indian reserve held here and moved that the secretary be authorized to write to the Department of the Interior and to the Inspector of Indian Agents Markle regarding the same.

COUNCIL PAYS \$1,492 FOR SIDEWALKS

At the regular monthly meeting of the council, held on Monday evening, the village tax levy was fixed at ten cents on the dollar. The council also authorized the mayor to order the village engineer to have the sidewalks repaired. The cost of the sidewalks was \$1,492.

The mayor was instructed to have the sidewalks repaired. The cost of the sidewalks was \$1,492. The council also authorized the mayor to order the village engineer to have the sidewalks repaired.

LIBERALS NAME THEIR CANDIDATE

Harry Scott of Gleichen Chosen as their Standard Bearer—Mr. Riley's Peculiar Attitude.

Harry Scott, of Gleichen, was chosen to contest the constituency of Gleichen in the Liberal interests in the pending election made necessary through the resignation of E. H. Riley, the late member.

Mr. Scott is a well-known rancher and the enthusiasm with which the result of the balloting was received showed that the house of carrying the popular standard had fallen upon popular shoulders. There were several candidates present.

The following names were placed in nomination: A. J. McArthur, of Cross Lake, H. C. Riley, of Calgary, Frank McArthur, of Bow River, and others.

Minutes were given five minutes each in which to address the convention. Before this, however, a motion was made by Mr. Beatty, of Gleichen, and seconded by Mr. Blinn, of Bow River, that the convention be adjourned until the next day.

Mr. McArthur was chosen to support the nomination of Harry Scott. He stated that he was a representative of the people and that he would do his best to represent them.

Mr. Scott followed Mr. Riley, who stated that he was a representative of the people and that he would do his best to represent them.

Mr. Scott followed Mr. Riley, who stated that he was a representative of the people and that he would do his best to represent them.

BASSANO WON AGAIN

Defeated Irricana Nine on Friday Last--Return Game Today

The Bassano baseball team added the scalp of the Irricana nine to its already large collection on Friday last when they met on the diamond at Irricana and won by a score of eight to seven. Both sides played ball with all their might and until the contest was rendered extremely interesting on account of its uncertainty. In the fourth the score stood four to four. In the fifth Irricana's pitcher made three tallies, which left the score 7 to 4 in its favor, and its stock went up in the estimation of those who had put their money on it. The game continued till the first of the eighth when Bassano batters began to strip his Altas' curves and whiffed at making four runs. This left the score 8 to 7 in Bassano's favor, whereupon Allan and Dr. Brown pitched and carried respectively for the Irricana outfit.

The attendance was 200, and there was much enthusiasm among the spectators. Naturally, a majority of those in the crowd desired Irricana to win, but heartily applauded brilliant play made by the visitors. The members of the local team declared on their return that they were most royally treated while in Irricana and no pains that hospitality could suggest spared to make their stay pleasant. Irricana is to play a return game here this (Friday) evening. After the game there will be a dance in Brooks' hall.

MAUSETH PROMOTED

Has Been Appointed Manager for the Crown Lumber Co. at Tilley
G. W. Mauseth, who for the past year has been foreman of the local yard of the Crown Lumber Co., was recently appointed manager of the yard at the Crown Lumber Co. at Tilley and left for there on Tuesday. Mrs. Mauseth and children will join him later. Mr. Mauseth has shown himself to be capable and energetic as an employee of the Crown Lumber Co. and the promotion is one that is well deserved. Mr. Mauseth has a large number of warm friends in Bassano who will rejoice to learn that he has been promoted to a more lucrative and responsible position than the one he held here.

FUNERAL DIRECTORS' CONVENTION

Professor Hohenbusch Lectured and Demonstrated on Embalming

Ir. W. Shoop returned a few days since from Edmonton, where he attended on July 25-26 the annual convention of the Alberta Funeral Directors and Embalmers' association. Mr. Shoop is now the possessor of a certificate of membership in the association, has a diploma that gives him authority to embalm and was also honored by being made a member of the executive of the association. Professor Hohenbusch, of Iowa city, one of the best embalmers on the continent, gave lectures and demonstrations on embalming during the convention, having three cadavers to show just how the most up-to-date embalming is done.

Professor Hohenbusch receives large fees from funeral directors and undertakers to lecture and give demonstrations and during the present year will visit a number of them. Mr. Shoop says the attendance was large and that an undertakers' convention is not so solemn an affair as some people might think it might be.

Agt. for JOHN DEERE PLOW CO.

Synopsis of Canadian Northwest Land

Any person who is the sole head of a family, or any male over 18 years old may homestead a quarter section (100 acres, more or less) of available Dominion Land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made in certain districts on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

DUTIES--Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 60 acres solely owned and occupied by him or his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price, \$3.00 per acre. **DUTIES**--Must reside six months in each of six years from date of homesteaded entry (including the time required to earn homesteaded natural and cultivated city acres extra).

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchase section.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchase section.

TROUBLE IN OLD MADRID

SPAIN AND THE VATICAN BE RELATIONS

A Very Serious Situation. Follows the lengthy discussion of the relations between Church of Rome and the Government—Spanish Ambassadors to the Vatican has been recalled.

San Sebastian, Spain.—At the conclusion of a conference between King Alfonso and Premier Canalejas, it was announced that the Spanish Ambassador to the Vatican, had been recalled.

At the same time the opinion was expressed that the king the government could not accept the terms of the Vatican's last note, and the situation would be a serious one.

Premier Canalejas will continue the anti-clerical programme, counting on the support of the Cortes.

During the negotiations between the king and the Vatican, the king's health has been reported as being very poor.

Around Town

J. H. Smith, who runs the ferry on the Red Deer river, was a guest at the Alberta hotel on Monday.

Thomas Heston and wife and son, J. M. Heston, of San Francisco, Pa., were guests at the Hotel Alberta from Saturday till Monday.

P. J. Collins left for his home near Hutton on Monday with lumber, without a cent, a small hut and some tools. Mr. Collins is a recent arrival from Iowa.

J. H. Williams, who has been engaged with his team for some time to dig ditch work near Heston, passed through town on Monday en route for his farm 28 miles east of Brooks.

A dog belonging to Buckskin, an Indian, was shot by J. A. Wilson on Sunday. It was afflicted with rabies and lucidity it was killed before it had an opportunity of biting anyone.

C. G. Snyder, travelling representative of the J. I. Case Thrashing Machine Co., with headquarters in Calgary, was in town early in the week on a business visit.

Constable Jordan is strictly enforcing the dog license tax and is shooting all dogs without papers. Those who wish to preserve their pet canines should come forward and pay the license for security's sake. They will save them from the gun of the constable.

Nester Anderson and Carl Plick, who each own a half section of land near Chiswick, arrived here with two teams on Monday and left on Wednesday. They carried away with them plows, drills, mowers, and a lumber, each wagon being heavily loaded. They brought in Bassano because prices are reasonable.

Russell Brown left on Monday for the north of the Red Deer river. He goes in search of a place where the grass is long and suitable for hay. When he finds such a place he will cut several hundred tons of hay. It is thought that he will be scarce and high during the coming winter and spring.

O. L. Burdick is erecting a neat and cozy four-room cottage on Fourth avenue, immediately opposite the premises of the Riverside Lumber Co. Its ground dimensions are 20 by 24 feet. It has four rooms—two bedrooms, a kitchen and a parlor; it will be plastered with wood trim and will be a warm and comfortable residence. It will cost about \$400.

Mr. and Mrs. E. McIntosh left on Monday for Irrigon, where they will reside permanently. Mr. McIntosh has embarked in the mercantile business there. They have been residents of Bassano since March last and made a large number of warm friends here, a number of whom accompanied at the depot to see them depart.

J. B. McConaghy, who has been visiting his son Floyd, left for Chicago, since for his home in Springfield, Ohio. Floyd McConaghy intends to leave here shortly for Ohio, where he has accepted a position on the Dayton Journal for the winter. He will return to Bassano in March of next year for the purpose of putting in a crop of flax on his farm a half mile north of the town.

WILL ESTABLISH A DAIRY

Mease, Kelly, and Sturge will soon be turning Bassano with milk. Bassano is soon to have a dairy and it will not be long before people will be using real cow's milk instead of the condensed substitute in their coffee and tea. Walter Kelly, of this city, and N. F. Sturge, of Des Moines, Iowa, purpose establishing an up-to-date dairy for the purpose of supplying Bassano and other nearby towns with milk. They own a half section of excellent land a mile and a half south of here, and they will use it for a dairy farm. It is land that rolls gently, a good soil, and is well watered and is admirably suited to the purpose intended. There is a well on the farm that furnishes excellent water for stock. Mr. Kelly intends to leave in a few days for the south for the purpose of purchasing a herd of the best dairy cows obtainable.

Here, in Calgary, on July 26th, to the wife of P. J. Macdonald, a daughter. Mother and daughter are thriving.

There will be a special council meeting on Monday evening at the office of H. R. Johnson.

Mr. and Mrs. R. A. Brown have returned from over land where they have been visiting Mrs. Brown's parents. They came from the Grassy Lake country.

Mr. A. Flanagan left during the week for the farm of the Flanagan Brothers where they will remain for an extended period.

A haystack containing about ten tons of hay caught fire from a spark from a spark from a steamship, and was completely destroyed on Wednesday evening. A number of volunteers hurried to the fire with buckets of water which they threw on the blazing hay. The house farm of the Flanagan Brothers is located a considerable distance from the site of the stack.

CHAT WITH W. E. WHITE

W. E. White, the well known building contractor, was in town on Wednesday and Thursday. Mr. White built the Alberta hotel for Messrs. Pierce & Ferguson. He takes a deep interest in Bassano, proclaims himself a citizen of the town and declares that it cannot become a large and important place. The irrigation of the land in this vicinity, he says, will play an important part in the building of Bassano which is fortunate in having so central a location in the irrigated belt.

AN ADMIRER OF BASSANO

Charles E. McConnell, who was formerly local agent for the Canadian Pacific Irrigation Colonization Co., was recently transferred to Calgary by the Co., was in town during the week on a business visit. Bassano, he says, is much livelier than most places in the province. He says when he tells people that Gibbons Brothers & Gilligan have already cut 400 tons of prairie hay and expect to make it nearly 1000 tons before the season is over, they refuse to believe that such a thing is possible. He says that the Gibbons Brothers have laid within a few miles of Bassano in the spring to reside here permanently.

WAS FULL OF MERIT

Presbyterian Choir Gives a Very Successful Sing Service. The service of song given at the Presbyterian church on Sunday last was a complete success and considerable of the credit is due to L. S. H. Fowler, the leader, and Mrs. O. S. Gallacher, the accompanist. The song service opened with the rendition of the Doxology. Next Psalm 147 was rendered by a full choir in grand style. The Robertson brothers sang as a duet "Hail to the King," in their usual harmonious and artistic manner. The anthem "A Dream of Paradise," by the choir was one of the best numbers in the programme. The hymn "Onward, Christian Soldiers" was next given by the choir. Rev. John Meakins delivered his sermon which was well received. H. L. Brunton, of the choir of the Church of England, rendered "The Day of Resurrection," fine solo. Hymn 150 was next given by the choir. The hymn "The Song of Songs" was sung by Mr. Robertson as soloist and the choir singing the chorus. This was an effective number. The service concluded with the "Vesper," which proved one of the best of the evening, being beautifully given by the choir. During the evening a collection was taken for the church building fund and a great sum realized.

THE BASIS OF A GOOD SHOE

THE BASIS OF A GOOD SHOE is In good reliable material and Workmanship. The best leather alone won't answer. Every step from the shaping of the last to the soiling of the shoe itself must be done by skilled specialists. There is no guess work about it — no mere approximation to correctness — but exactly the right thing done in every part.

Even the quality of the thread and the number of the stitches are important.

Even to the very last and minutest detail, "INVICTUS SHOES" are built upon the basis of reliable material and thorough workmanship.
